Excerpt from State Daily Log - September 1966:

26 September

Threat on Lives of DOBRYNIN and FEDORENKO

Attached is a copy of the teletype sent to State on their original request. I informed Sid Telford on 23 September that we had no traces on Zenon J. SIKORA. This is a name State recovered from their lookout book and which had been placed there by Visa officers in Frankfurt, Germany. However, State could locate no file on him. Mr. Telford explained that Mr. Gifford Malone, who received the original information, contacted the Soviet Embassy on Friday morning in an effort to obtain any further information the Soviets had on SIKORA and the alleged plot. The Soviets retorted that they had no additional information. Jack Lynch, Chief of State Protection, advised this date that he had nothing to add on this problem. SB/CA

27 September

Threat on Lives of DOBRYNIN and FEDORENKO

Sid Telford of State Security called in additional but fragmentary info furnished by the Soviet Embassy on the alleged assassin SIKORA. The Soviets described him as being 40-45 years of age who was involved in 1944 in the death of General Vortutin, a Soviet General serving in the Ukraine. SIKORA is a name the suspect uses in West Germany but the Soviets do not know the name he is using in the U.S. The Soviets report that SIKORA recently arrived in New York City. Mr. Telford will immediately send us a memo of conversation. He realizes this type of information is more likely to keep us busy than to ~~produce~~ results but he is passing it along to see if we can derive any meaning from it. SB/CA [ ]
